ALL-COUNTY INFORMATION NOTICE I-130-82

TO: ALL PUBLIC AND PRIVATE ADOPTION AGENCIES

SUBJECT: ADOPTION RESOURCE REFERRAL CENTER (ARRC)

Attached are draft copies of the Adoption Resource Referral Center (ARRC) registration forms AD 134 (Child) and AD 135 (Adoptive Applicant), reflecting proposed changes in the ARRC Computer Program. Our goal is to have the update ready to go as soon as fiscal and staff constraints permit the printing of new forms and reprogramming of the computer system.

These changes have been compiled from agency input to the State Auditor General's Report, the Department of Social Services Management Analysis Study, and the ARRC Study Committee recommendations. Other important sources of information have been direct comments made to ARRC staff by agency workers, and our own survey of the items most frequently miscoded on completed ARRC registrations submitted by agencies.

Some of the changes which we hope will result in more accurate, useful referrals are: A wider range of Child "Physical and Emotional Handicaps" choices with room to list ten categories instead of five, and the addition of a companion item, "Overall Effects of (Physical and Emotional) Handicaps on Functioning." "Intellectual Potential" (formerly "Intellectual Development") has been made a match item with several categories to choose from.

To simplify the use of ARRC registration forms for agency workers, we have clarified many titles and descriptions and eliminated several items, including the need to determine "Effect" and "Place" codes for each physical and emotional handicap. Check mark boxes have been substituted for coding wherever possible. For ease of understanding and use, Child "Physical and Emotional Handicaps" choices to be made by adoptive applicants have been changed from negative (unacceptable) to positive (acceptable).

We would appreciate your review of the proposed changes. Please send any comments you may have to: Robert L. Green, Chief, Adoptions Systems Bureau, 744 P Street, M.S. 19-31, Sacramento, CA 95814, no later than October 22, 1982. If you have any questions regarding the proposed format, please contact Joan Reynolds at (916) 323-0473 or ATSS 8-473-0473.
