Reminder About Income Tax Refunds and Earned Income Credits

If you receive or have received a state or federal income tax refund or federal Earned Income Credit payment, you must report it immediately to your eligibility worker. You must also report your income tax refund or Earned Income Credit on your Monthly Eligibility Report (CA 7).

This is necessary to meet your responsibility to report all facts that may affect your cash assistance.

Please save your income tax return forms. If possible, please show your Earned Income Credit or income tax refund check (or a photo copy) to your eligibility worker.

Remember, you must file state and federal income tax returns if you are eligible for a tax refund or an Earned Income Credit.
