ALL COUNTY INFORMATION NOTICE I - 107-85

TO: Community Child Health and Disability Prevention Program Directors and Deputy Directors
County Welfare Directors
County Trainers

SUBJECT: Child Health and Disability Prevention Program Training Material

A training package has been developed to increase the county public contact worker's effective use of the Child Health and Disability Prevention (CHDP) Program. The success of the CHDP program is largely dependent upon the effectiveness of the public contact workers who initially provide information to recipients. In most counties, this service is performed by eligibility workers, although probation officers and adoption, Medi-Cal, and social workers may also be assigned the role. Essential to effective fulfillment of this role is an understanding of basic program goals, which include reducing the incidence of preventable childhood diseases and disabilities, and promoting positive health among children.

The training package assists eligibility workers in developing this understanding, and is entitled "Making a Difference". It consists of a slide show which presents case examples, while an accompanying audio cassette expands upon these examples to provide relevant information regarding the program goals.

Attached is a list of locations at which the "Making a Difference" training package may be obtained on a loan basis. Packages may be reserved by calling these locations directly. Any questions regarding package content should be addressed to your Adult and Family Services Program Operations Consultant at (916) 445-0623 or to your CHDP Regional Consultant.

LOREN D. SUTER
Deputy Director
Adult and Family Services Division

TOM J. ELKIN, Acting Chief
Child Health and Disability
Prevention Branch
