

The posters are printed in English on one side and Spanish on the other side. If there is a large enough request, they may be available in Chinese, Vietnamese, Cambodian, Hmong and Russian at a later date.

The posters will be distributed in four separate shipments to Welfare-to-Work programs and Cal Learn coordinators in each county during the next four months. Counties are invited to display the posters where they deem appropriate. These posters are free of charge. PUB 308A will also be produced in a stuffer format that will be mailed to all recipients with a future quarterly Medi-Cal mailing.

For additional copies of the posters or stuffers, or if you are interested in receiving the posters in the additional languages, please contact Debra Johnson, CalWORKs Family Planning Outreach Project, by phone at (530) 898-4190, or by fax at (530) 898-4191.

If you have any questions or comments, please contact Cindy Stone, Work Support Services/Teen Programs, by phone at (916) 653-5961, or by fax at (916) 654-1516.

Sincerely,

JO WEBER, Chief
Work Services Branch
