ALL COUNTY INFORMATION NOTICE NO. I-68-10

TO: ALL COUNTY WELFARE DIRECTORS
ALL COUNTY EBT COORDINATORS
ALL CALWORKS PROGRAM SPECIALISTS
ALL REFUGEE CASH ASSISTANCE PROGRAM SPECIALISTS

SUBJECT: ELIMINATION OF ELECTRONIC BENEFIT TRANSFER (EBT)
CASH ACCESS AT CERTAIN ATMS

REFERENCE: EXECUTIVE ORDER S-09-10; MANUAL POLICY AND
PROCEDURES (MPP) 16-325; WELFARE AND INSTITUTIONS
CODE SECTION 10072(d)

REASON FOR THIS TRANSMITTAL

- State Law Change
- Federal Law or Regulation Change
- Court Order
- Clarification Requested by One or More Counties
- Initiated by CDSS

The purpose of this notice is to inform counties of changes to EBT cash access pursuant to Executive Order (EO) S-09-10 (see attached), signed by Governor Schwarzenegger on June 24, 2010. One of the mandates in the EO requires CDSS to immediately take all necessary steps to ensure that California Work Opportunity and Responsibility to Kids (CalWORKs) recipients cannot access state-provided cash benefits from automated teller machines (ATMs) located in gambling establishments. This action is being taken to reinforce the intent of the CalWORKs program, which is to help families meet their basic needs of food, clothing and shelter. Access to cash assistance at gambling and certain other types of establishments seems contrary to the goals of the program.

Accordingly, CDSS, in partnership with the Office of Systems Integration (OSI) and the state's EBT service provider, ACS State & Local Solutions, Inc., has identified and eliminated EBT cash access at ATMs located in casinos, card rooms, poker rooms, and adult entertainment businesses. Additionally, cash access will be eliminated at ATMs in gaming and adult entertainment businesses located outside of California. OSI is also identifying other establishments that offer services that are not congruent with the goals of the cash aid programs, and cash access points at these locations may also be eliminated.

County-specific lists of ATMs that have been eliminated have been sent to each county's welfare director and EBT Coordinator. The lists will be updated and issued as needed. The

ATM information on the EBT Client Website will be updated on a monthly basis. However, due to these unique circumstances, a special mid-month update was performed on July 15th and deactivated ATMs have been removed from the website. Counties should refer cardholders to the EBT Client Website to find the most current information on ATM locations and also have a list of accessible ATMs available for cardholders at local county offices. A notice has been posted to the website stating that there will not be EBT cash access at certain ATMs and to check the list of available ATMs on the website. In addition, CDSS has created a flyer (Temp 2245) to inform EBT cardholders of the changes in cash access locations (see Attachment). The flyer has been translated into the nine EBT threshold languages and is available on the CDSS internet site at <http://www.cdss.ca.gov/cdssweb/entres/forms/English/TEMP2245.pdf>. Counties should download and include the flyer in the next mailing of each recipient's Quarterly Reporting (QR 7) form. Counties may also share it with community-based organizations for dissemination to recipients.

Beginning with those areas that are the most impacted by this change, ACS, in collaboration with CDSS, OSI, CWDs and advocates, will review the counties' cash access plans to ensure that the areas affected by the EO mandate will have adequate cash access points for EBT cardholders. ACS is obligated to review cash access in each zip code within a county and ensure that it meets the contractual criteria established by the state. ACS has already reviewed cash capacity in all 58 counties. Initial reviews indicate that impacted zip codes are still meeting cash capacity needs. The next steps will be to examine the proximity of ATMs within a particular zip code. If it is determined that a particular zip code does not meet the established criteria, ACS will make every effort to add new ATM locations so that the cash access standard is met.

As a reminder, if a recipient is unable to successfully use the EBT system, counties have the option of providing an alternative benefit delivery method. This may include use of direct deposit or warrants, as specified in the CDSS Manual of Policies and Procedures Sections 16-325.1 and 16-313(a). Examples of barriers to successful use of EBT include, but are not limited to, remoteness or language barriers.

If counties discover that a card or poker room or an adult entertainment business has reactivated EBT cash access at their ATMs they should notify the EBT Project Office at ebtoperations@osi.ca.gov. The California Department of Justice's Bureau of Gambling Control will be contacted by the state for additional enforcement action against card and poker rooms.

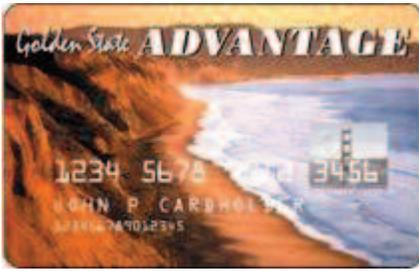

If you have any questions regarding this notice, please contact the EBT Operations Help Desk at (916) 263-6600, or Stan Cagle, Chief, Program Technology and Support Bureau at (916) 657-3804.

Sincerely,
