COUNTY FISCAL LETTER (CFL) NO. 09/10-44

This letter provides the triennial cycle for California's Child and Family Services Review (C-CFSR), also referred to as California's Outcomes and Accountability System.

Background

Assembly Bill 636 (Steinberg), Chapter 678, Statutes of 2001, enacted the Child Welfare Services Outcome and Accountability Act of 2001. This law required the California Department of Social Services (CDSS) to establish the C-CFSR process. The C-CFSR commenced January 2004 with implementation instructions provided to local child welfare services and probation agencies through issuance of ACL 04-05.

The purpose of the C-CFSR is to significantly strengthen the accountability system used in California to monitor and assess the quality of services provided on behalf of maltreated children. As such, the C-CFSR operates on a philosophy of continuous quality improvement, interagency partnerships, community involvement and public reporting of program outcomes. The C-CFSR is comprised of county child welfare system reviews and maximizes compliance with federal regulations for the receipt of federal Title IV-E and Title IV-B funds.

The C-CFSR includes: 1) Outcome and Accountability County Data Reports, 2) County Peer Quality Case Reviews (PQCR), 3) County Self-Assessments (CSA), 4) County System Improvement Plans (SIP), and 5) State Technical Assistance and Monitoring.

Guides

Guides are available on how to conduct the California Children and Family Services Review (C-CFSR) process as required by California's Child Welfare Services Outcome and Accountability System. All three guides can be accessed online through <http://www.childsworld.ca.gov/PG1356.htm>.

Roles & Responsibilities

As a collaborative partner throughout the C-CFSR process, please continue to contact your CDSS consultant throughout each step of the process. Furthermore, please note that CDSS contracts with the Regional Training Academies (RTA) to provide additional assistance to counties during the PQCR process. In this contractual capacity, the RTA's role is as a neutral facilitator of the process in collaboration with the Co-Chairs: CDSS consultant, County Child Welfare representative, and County Probation representative. Specifically, the contract allows for the RTAs to provide onsite orientation & training; participate on PQCR core planning teams; participate in the development of the interview and focus group tools; facilitate the PQCR process; train interview panels and host county staff; facilitate focus groups, the orientation, daily debriefings, and the final debrief; as well as provide clerical support, copies of materials etc. The contract also allows for the RTAs to co-facilitate with the Co-Chairs a Post-PQCR Reflection and Next Steps session. This being said, the county may choose to contract with another entity to provide the support identified above and/or to provide additional support, as well as contract with the RTA for additional services not specified in the state's contract. Please be advised that regardless of contractual relationships, the county remains responsible for the timely submission of reports to CDSS. Should a county choose to contract for report writing services, the county should develop their contracts with this deliverable in mind. The clarification of roles and responsibilities will be specified during the first PQCR planning meeting with the Co-Chairs.

Triennial Schedule

The attached triennial schedule is a continuation of the triennial schedule identified in ACIN I-52-09, I-52-09E. Dates have been updated and clarified, no other changes have been made to the triennial cycle. Should you have any questions or comments, please call CDSS at (916) 651-8099 or e-mail childserv@dss.ca.gov.

Allocations

Each year, CDSS issues County Fiscal Letters detailing the allocations associated with the C-CFSR process. Specifically for PQCR planning, the allocation is intended to support the preparation, coordination, training, review time, and travel/per diem expenses for staff as well as to reimburse the travel and per diem costs of social workers traveling from other counties to participate in the reviews. The allocation is intended for both child welfare services and probation staff. Specifically for the CSA and SIP planning the allocation reflects the costs to support additional administrative responsibilities related to the planning and coordination of CSA, SIP, and SIP updates. Please refer to the most recent CFL for specific details for the current fiscal year.

In continued partnership, we look forward to improving outcomes for the children and families served by California's child welfare services and probation programs.

Sincerely,
