744 P Street, Sacramento, California 95814

October 30, 2001

ALL COUNTY INFORMATION NOTICE NO. I-90-01

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: DEAF ACCESS ASSISTANCE PROGRAM

REASON FOR THIS TRANSMITTAL

- State Law Change
- Federal Law or Regulation Change
- Court Order
- Clarification Requested by One or More Counties
- Initiated by CDSS

The purpose of this Notice is to provide information to the County Welfare Departments (CWDs) on the Deaf Access Assistance Program (DAP) administered by the California Department of Social Services' (CDSS) Office for Deaf Access (ODA).

In providing this information, the CDSS hopes to achieve two goals. First, to promote awareness of the DAP and how it assists clients who are deaf and hard of hearing. Second, to encourage CWDs to become involved with their local DAP agencies in order to better serve deaf and hard-of-hearing clients.

Following is a brief introduction to the DAP and its services.

Program Intent

The DAP was created in 1980 to ensure that state and local government services are routinely adapted to meet the communication needs of the 2.9 million California deaf and hard-of-hearing persons and to enable deaf and hard-of-hearing children, adults, and families to receive all the benefits and services to which they are entitled.

Service Delivery

DAP services are provided through a statewide network of eight regional, nonprofit corporations with 33 district offices contracted and supervised by the State through CDSS' ODA. In awarding these DAP service contracts, the State gives special consideration to the extent to which deaf and hard-of-hearing persons are included in the service provider's staff and on the boards of directors. This method of helping deaf people to help themselves was found to be more effective than the traditional medical model where hearing professionals "take care of" deaf people.

Program Services

Following is a listing and description of the services provided by the DAP. These services are provided for in Welfare and Institutions Code Section 10621, and Section 65-110 of the CDSS Manual of Policies and Procedures:

1. Communication Services – Provides qualified sign language interpreters to meet a client's or agency's needs. Also includes providing emergency 24-hour, seven-days-a-week sign language services to meet medical, legal, or civil emergencies. In addition, provides translation of documents for deaf clients with low language skills.
2. Advocacy – Provides assistance in crisis situations by intervening to ensure all public services – including social, health, and safety services – are available to the deaf and hard-of-hearing population. Also includes intervention to protect deaf children's communication rights.
3. Job Development and Placement – Assists deaf clients in obtaining employment-related services.
4. Information and Referral – Directs clients to appropriate organizations and programs for social and health care needs. Answers questions about deafness or hearing loss.
5. Counseling – Provides intervention in crisis situations, such as spousal, child, or adult abuse. Also teaches clients how to effectively cope with deafness or hearing loss.
6. Independent Living Skills Instruction – Assists deaf clients in acquiring skills to live independently of public institutions and programs.
7. Community Education – Increases public awareness and understanding of deaf and other hard-of-hearing people's needs. Also, addresses health and safety issues because of deafness.

Recipient Characteristics

The DAP provides services to an estimated 2.9 million deaf and hard-of-hearing persons in California. Recipients include children, adults, and families where deafness or other hearing loss of some type is involved. The Rubella epidemic of 1964 resulted in several hundred adult clients today who have multiple handicaps in addition to their deafness.

The fastest growing portions of the DAP client population in California include persons over the age of 65 who are experiencing hearing loss for the first time in their lives, the Hispanic population, which often relies on Mexican Sign Language to communicate, and the Refugee population, which often needs to first learn American Sign Language to communicate.

Program Eligibility

There are no income-eligibility requirements in the DAP. Services are available to anyone with any degree of hearing loss including hearing individuals or agencies that have any concerns about hearing loss.

Funding

The eight regional agencies operate on a combined budget of \$5.8 million. The \$5.8 million is divided among each of the eight agencies according to the population of deaf and hard-of-hearing served in that area.

Contacting the DAP Agency in Your Area

We encourage you to learn more about your local DAP agency and work with them on determining the best way to assist deaf and hard-of-hearing clients in your area. Attachment 1, "Deaf Access Assistance Program," is a pictorial representation of the DAP service regions statewide. Attachment 2, "Deaf Access Assistance Program Headquarters Offices and Counties Served," is a listing of the regional DAP headquarters office locations, the counties served by each, and how to contact them.

If you have any questions regarding the DAP, please contact Ms. Lisa Bandaccari, Chief of CDSS' ODA, at (916) 651-6243 (V) or (916) 654-1453 (TTY).

Sincerely,
