(STUFFER LANGUAGE - STATE AFDC-U PROGRAM)

IMPORTANT NOTICE CONCERNING YOUR GRANT

Our records show that you are receiving AFDC benefits under the State AFDC-Unemployed Parent Program (State AFDC-U Program). The State AFDC-U Program provides AFDC benefits to families of unemployed parents who do not have enough recent work history to qualify for benefits under the Federal AFDC Unemployed Parent Program (Federal AFDC-U). To qualify for benefits under the Federal AFDC-U Program, the unemployed parent must have a recent work history of six calendar quarters in which at least \$50 was earned and/or work-related training was received.

Under new state law which took effect on July 1, 1982, families of unemployed parents who do not qualify for federal AFDC-U can get aid for no more than three months in any 12-month period. Therefore, beginning on July 1, 1982, your aid under this program can only be continued for a maximum of three months.

At least 10 days before your eligibility expires you will receive a Notice of Action informing you when your aid will be discontinued.
