ALL-COUNTY INFORMATION NOTICE I-01-90

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: COORDINATION GUIDE BOOK FOR THE STATE OF CALIFORNIA

Last year, the State Department of Social Services was involved in a research project on State-administered programs designed to help disadvantaged youth and adults receive education and employment training. The 70001 Training & Employment Institute has completed the final report, Coordination Guide Book for the State of California.

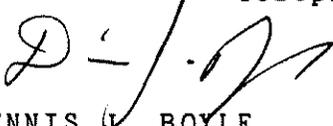

The goal of the project is to help community-based organizations, non-profit organizations, and public agencies be more effective in the delivery of services. The three main objectives for the project are:

- o foster coordination among similar programs;
- o promote replication of innovative programs; and,
- o inform organizations of available resources.

We believe the report contains useful information that may benefit your County in the continued operation of the Greater Avenues for Independence (GAIN) Program. The report includes information related to State and Federal regulations, training, and social services programs. Copies of the report can be purchased from:
