

DEPARTMENT OF BENEFIT PAYMENTS

April 15, 1974

OBSOLETE

ALL-COUNTY LETTER NO. 74-64

TO: ALL COUNTY WELFARE DIRECTORS

Supersedes 74-51

ACL #77-15

Issued 3-17-77

SUBJECT: P. L. 93-233 Implementation

REFERENCE:

On April 1, 1974, the Social Security Administration (SSA) mailed to the counties a third listing of ATD recipients to be included in the ATD Rollback Survey. This list includes recipients who were accreted to the federal master file prior to March 1, 1974, and should be the last one sent to the counties. For cases accreted after March 1, counties are to follow the instructions in item 7 in All-County Letter No. 74-51.

As of April 1, 1974, of the 40,000 cases that were reviewed, there were 191 recipients who did not meet Title XVI disability criteria and received discontinuance notices. A list of those denied recipients is attached. These individuals are not eligible for emergency loans nor for any fully state funded program. All inquiries received from these individuals should be directed to the Social Security Administration.

All other recipients who were involved in this project were to have received their grants on schedule. These recipients are eligible for all supplemental state programs including emergency loans.

The timeliness of the submission of data by the counties for the first two lists was excellent. Your continued cooperation in the completion of this project is greatly appreciated.

Sincerely,

DENNIS O. FLATT
Deputy Director
Welfare Program Operations
