SUBJECT: REPAYMENT SHARING RATIOS FOR FY 1981/82

REFERENCE: ALL-COUNTY LETTER NO. 80-61 AND FSD LETTER NO. 80-23

This letter will provide you with the repayment sharing ratios for Fiscal Year 1981/82 to be used for reporting child support collections on the Form CS 800. The sharing ratios are based on the actual AFDC expenditures for July through December 1980. This period is used because it is the most recent and complete data available.

The federal sharing ratio is determined by taking actual federal expenditures for each aid category and dividing them by total expenditures for the same category. Once the federal share is determined, the amount remaining (non-federal share) is allocated to the state and counties. For the AFDC-FG and -U aid categories, 89.2 percent of the nonfederal share is the state repayment sharing ratio and 10.8 percent of the nonfederal share is the county repayment sharing ratio.

For the AFDC-BHI aid category 95 percent of the nonfederal share is the state repayment sharing ratio and five percent of the nonfederal share is the county repayment sharing ratio. The percentages used to determine the state and county repayment sharing ratios are based on the respective amount of state and county participation in the AFDC aid payment as provided for in Chapter 282, Statutes of 1979 (Assembly Bill 8).

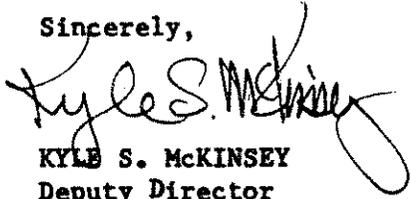

The repayment sharing ratios for July 1, 1981 through June 30, 1982 are as follows:

<u>Aid Category</u>	<u>Federal</u>	<u>State</u>	<u>County</u>
AFDC-FG	.4998	.4462	.0540
AFDC-U	.4395	.5000	.0605
AFDC-BHI (federal)	.5000	.4750	.0250
AFDC-BHI (nonfederal)	0	.9500	.0500

AFDC-U is the only aid category that has changed its repayment sharing ratio since Fiscal Year 1980/81.
