ALL-COUNTY LETTER NO. 82-120

TO: ALL-COUNTY WELFARE DIRECTORS

SUBJECT: STATE REGULATIONS ON BATTERED WOMEN AND DRUG AND ALCOHOLIC TREATMENT CENTERS

This letter provides information on regulations recently filed with the Secretary of State regarding shelters for battered women and children and drug and alcoholic rehabilitation treatment centers. In addition, instructions for revised household reporting responsibilities are included. The regulations are effective December 1, 1982 and shall be applied to appropriate applicant households as of the December 1, 1982 effective date.

Shelters for Battered Women and Children

New regulations provide that battered women and their children who are temporarily residing in shelters for battered women may apply for food stamps as separate households. Eligible residents who recently fled food stamp households containing the abuser may receive a separate allotment during the month of shelter residence, and shall be considered a new application for FNS 296 purposes. Certification shall be based on income, resources and expenses at the time of application, and if eligible, residents shall be entitled to expedited services. Shelters that provide meals to their residents may apply to FNS for authorization as retail food stores. Provisions are also included regarding CWD action if a shelter or a resident fails to meet their responsibilities.

Drug and Alcoholic Rehabilitation Treatment Centers

Revised regulations provide for the participation of treatment centers that are certified by the state but have not been authorized by FNS as retail food stores. In addition, the regulations specify the process CWDs shall follow when a state certified drug and alcoholic rehabilitation treatment center fails to meet its responsibilities. CWDs continue to be instructed to take no action prior to FNS action on those treatment centers authorized by FNS as retail food stores.

Household Reporting Responsibilities

To assist CWDs in advising applicants and recipients of current food stamp reporting responsibilities, master copies (English and Spanish) of a stuffer notice and a revised DFA 855, Food Stamp Recipient Reporting Responsibilities, are attached. Neither of these forms will be printed by DSS and CWDs are directed to use the forms as described below:

Stuffer Notice

County Welfare Departments must provide a copy of the attached stuffer notice to all certified households by no later than the date the households receive their January 1, 1983 allotments. The attached copy is designed so that it can be used for printing directly onto a 3-7/8" x 9-1/2" stuffer notice. CWDs which use another format for printing the notice must use the language contained on the attached notice. Households which are certified during the month of January, and thereafter, need not receive the stuffer notice as they will be provided a copy of the revised DFA 855 reflecting their current reporting responsibilities.

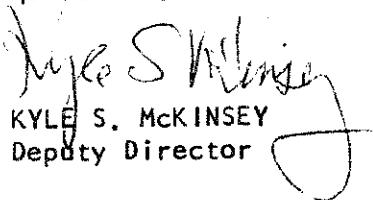

DFA 855

All households certified or recertified for food stamp participation during the month of January 1983, and thereafter, must be provided a copy of the DFA 855 reflecting their current reporting responsibilities. County Welfare Departments may fulfill this requirement in one of two ways.

1. The CWD may reproduce copies of the attached DFA 855, 11/83 version, for use beginning January 1, 1983.
2. The CWD may manually revise the existing DFA 855, 3/82 version, as shown on the attached sample for use beginning January 1, 1983.

The 11/82 version of the DFA 855 is not being printed by DSS as the form will be obsoleted when the revised food stamp applications, now in process, are implemented. It is anticipated that implementation will occur March 1, 1983. Until such time as the DFA 855 is obsoleted, the DSS Warehouse will continue to stock the 3/82 version of the form for CWDs who elect to continue its use with the appropriate corrections. Instructions for completing the DFA 855 have not changed and were previously issued by All-County Letter 82-09 dated February 2, 1982.

IMPORTANT NEW FOOD STAMP REPORTING RESPONSIBILITIES

(Read Carefully)

Effective December 1, 1982, your food stamp reporting responsibilities have changed. You are now required to report to your eligibility worker within 10 days from the date you learn of the following changes: (1) The gross monthly income received by your household increases or decreases by more than \$25; and (2) Anytime there is an increase or decrease of more than \$25 in medical expenses for a household member receiving social security payments for his/her disability or blindness, or for a household member aged 60 or older.

As a reminder, you are also required to report within ten (10) days the following changes:

- The source of income received by you or any member of your household changes.
- Your address changes.
- There are any changes in your housing or utility costs because you moved.
- Anyone moves in or out of your household.
- The property owned by you or any member of your household changes in any way; for example, you acquire a licensed vehicle, stocks, bonds or other money.

You must report these changes to your eligibility worker on the "Food Stamp Household Change Report", Form DFA 377.5; or by telephone, by mail or by coming into the Food Stamp Office, unless **all** members of your household also receive public assistance. If you receive Aid to Families With Dependent Children (AFDC) or Refugee Cash Assistance, you must also comply with the reporting responsibilities of these programs.

También se le recuerda que se requiere que reporte dentro de diez (10) días los cambios siguientes:

- Cambia la fuente de los ingresos recibidos por usted o cualquier miembro de su hogar.

If I receive AFDC or Refugee Cash Assistance as well as food stamps, I must also report these changes on the "Monthly Eligibility Report", Form CA-7.

I understand that I am committing fraud if I receive food stamps because I intentionally do not tell the truth, tell only part of the truth, or do not tell my worker all of the facts having to do with my eligibility as soon as I know about them. I also understand that I am committing fraud if I accept food stamps in an amount that I know I am not eligible to receive.

I understand that if I fail to report a change and because of this I receive food stamp benefits I am not entitled to, I may have to repay these benefits. In addition, if I intentionally withhold information or provide false information in order to receive food stamps, I may be disqualified from the Food Stamp Program; fined, imprisoned, or both.

I have read the above (or had it read to me), and understand my responsibility to immediately report all information regarding any change in circumstances that affects my food stamp eligibility. If I have any doubt about needing to report any change, I will contact my worker.
