Subject: Repayment Sharing Ratios for Fiscal Year 1985/86

This letter will provide you with the repayment sharing ratios for Fiscal Year 1985/86 to be used in reporting child support collections on the form CS 800. The sharing ratios are based on the actual AFDC expenditures for July 1984 through March 1985.

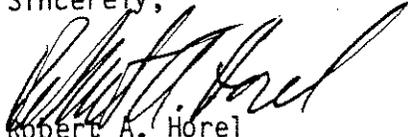

The federal sharing ratio is determined by taking actual federal expenditures for each aid category and dividing them by total expenditures for the same category. Once the federal share is determined, the amount remaining (non-federal share) is allocated to the state and counties. The percentages used to determine the state and county repayment sharing ratios are based on the respective amount of the state and county participation in the AFDC aid payment as provided for in Welfare and Institutions Code Section 11487.

The repayment sharing ratios for July 1, 1985 through June 30, 1986 are as follows:

<u>Aid Category</u>	<u>Federal</u>	<u>State</u>	<u>County</u>
AFDC-FG	.4978	.4481	.0541
AFDC-U	.4955	.4502	.0543
AFDC and EA Foster Care (federal)	.5000	.4750	.0250
AFDC Foster Care (non-federal)	.0000	.9500	.0500
EA-Unemployed Parent	.5000	.4460	.0540
